June 9th - July 6th

60 South 41st Street
Harrisburg, Pa

Addiction has impacted the community in so many ways, one is through the increased need for foster care services to our children whose parents suffer from the disease of addiction. The majority of children in foster care, take their items from one provider to the next in a garbage bag. Suitcase for Kids is a program that collects suitcases, basic items such as toothbrushes, hairbrushes, toothpaste, soaps, etc., and any other times you may want to add to make their transitions less stressful.
